Testimonials

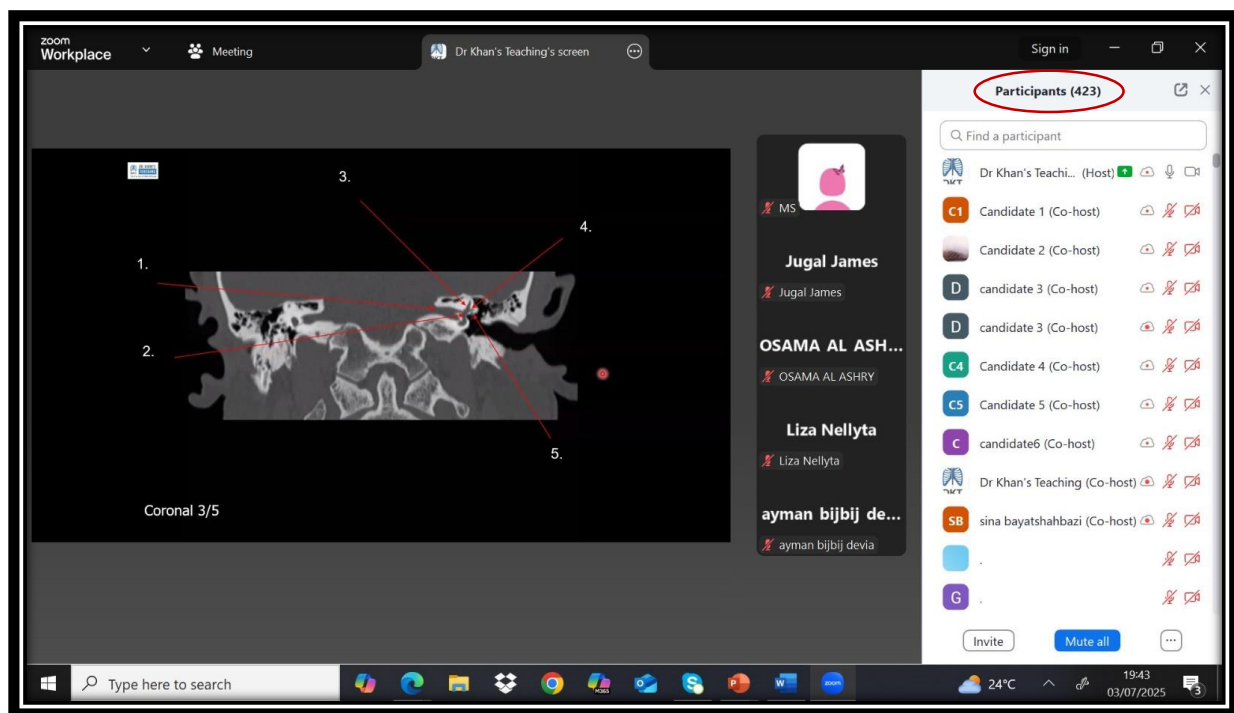

- So glad to have DKT in my life!! Helped me pass the FRCR exam and continues to make me a better radiologist! :) (UK).
- Excellent session. Thank you Dr. Khan for being so generous in distributing the treasure of knowledge that you have!!! (UAE).
- I can't thank you enough for the effort you've made for every single session. Every class I attend I fall more in love with radiology (India).
- Thank you Sir. You are a blessing to the world of Radiology (Nigeria).
- Temporal anatomy! Could never understand it but after today's session and the quiz I feel confident to know the anatomy. No one teaches like Dr. Khan indeed (Pakistan).
- Excellent teaching sessions on quite a lot of important neuro-radiology cases. Looking forward for more neuroradiology teaching sessions from you, sir. Thank you (India).
- Exam mimicking and case per case feedback with detailed explanation, together with invaluable teaching points were very helpful (Egypt).
- Temporal bone anatomy was well taught. I am praying to be like him and get a chance to work with him in future (Pakistan).
- As always, great teaching. Good selection of cases. We can't really get tired of seeing unusual presentations of common pathologies. Always something to learn (Pakistan).
- Amazing lectures. We should attend more such lectures to improve ourselves as radiologists (Pakistan).
- Thanks a lot for your effort and beautiful teaching (Sudan).
- Excellent cases and explanation by Dr. Sami Khan, thank you very much (UK).
