Testimonials

- The presentation as a real viva exam simulation with time constraints, combined with focused feedback on key exam points, was extremely valuable. The cases were well-balanced in terms of difficulty and highly educational. Listening to such a session delivered by a highly experienced expert in the field provided unique and significant benefits (Türkiye).
- It was truly a valuable session that was not only well organized but also packed with insightful teaching points. I appreciate the effort that went into making it so informative. Looking forward to more sessions like this (Ethiopia).
- Wonderful & really insightful session with amazing teaching cases & exam oriented valuable points. Thank you (India).
- Very important and useful session to approach soft tissue lesions and other lesions as well. Very useful exam tips! (Iraq).
- Excellent forum for radiology learning. Hats off to Dr. Khan and his dedicated team. Thank you so much, Dr. Priya! (Pakistan).
- Very nice collection of the MSK cases. Very well described by Dr. Suresh (Canada).
- Fantastic session with invaluable advice regarding exam new format and excellent viva cases with clear invaluable feedback (Egypt).
- Dr. Priya's teaching style was amazing (Pakistan).
- Excellent case and explanation, thank you very much, Dr. Priya Suresh and Dr. Sami Khan (UK).
- Wonderful cases and distinctive presentation of cases (Yemen).
- The way the examiner guide the candidates was very nice and the examiner communication was clear and engaging (Ethiopia).
- Perfect session, many thanks for the invaluable efforts DKT (Iraq).
- The cases were interesting (Ireland).
- Would really appreciate if referral pathway is discussed in every session/class (Pakistan).

FRCR 2B Practice Viva (Session 113) - DKT Masterclass: Sarcoma Awareness Month - Unmasking Tumors for FRCR 2B

- Excellent cases with an elaborate explanation which really helped. Thank you! (India).
- The Sarcoma Viva case by Dr. Priya Suresh was amazing (UK).
- Teaching style is very commendable. Would love to attend more of these sessions (Canada).
- "Radiologists are Clinicians" (Sudan).
- Amazing viva session and feedback (South Africa).
- Excellent teaching session (Nigeria).
- Great teaching session (Malaysia).
- Great cases with good explanation (Thailand).
- Very impressive VIVA based cases. Need more sessions! (Saudi Arabia).
- Great teaching session (Malaysia).
- Excellent session (UK).

- High standard (UK).
- Absolutely brilliant (Iraq).
- Brilliant session as always (Pakistan).
- Learning how to adapt to new changes in the exam was very useful (Egypt).
- The MSK cases were really helpful (UK).
- Brilliant case explanation (Egypt).
- Amazing variety of cases (Nepal).
- Great case selection & feedback style (UK).
- Excellent presentation and very good cases (UAE).
- Great collection (Pakistan).
- Good cases (UK).
- Very informative session. Thank you (Pakistan).
- Imaging characteristics of different types of sarcoma well taught (UK).
- Excellent sarcoma session (Saudi Arabia).
- Great cases! (UK).
- It was perfect (UAE).
- Almost all the aspects were really useful (Pakistan).
- Good MSK cases (UK).
- Very nice cases and explanation (Pakistan).
- All of it was very useful & highly valuable (Egypt).
- Cases were good (Pakistan).
- Amazing cases (India).
- Excellent case selection and discussion (UAE).
- Excellent collection of cases, outstanding teacher! (India).
- It's all useful (UAE).
- The cases by Dr. Suresh were really useful (UK).

FRCR 2B Practice Viva (Session 113) - DKT Masterclass: Sarcoma Awareness Month - Unmasking Tumors for FRCR 2B

- Dr. Suresh explained all pathologies in detail (Kuwait).
- Useful exam technique tips, amazing range of pathologies seen on cases (UK).
- Very nice FRCR 2B based cases (Saudi Arabia).
- Amazing lecture content (UK).
- All the cases are very good (UK).
- Excellent cases and discussion (Egypt).
- Very good simulation of the exam (Türkiye).
- Good cases and teaching (UK).
- Amazing content and delivery (UK).
- Thank you for sharing your cases and knowledge (UK).
- All cases were very good (Pakistan).
- The teachings after the cases were good (Zimbabwe).
- Amazing explanation by the moderator (UK).
- Excellent cases and teaching (Saudi Arabia).
- Mind scratching cases (Oman).
- Very nice cases (UK).
- Everyone need more lectures like this (Pakistan).
- Great cases (Libya).
- Excellent cases (UK).
- Excellent session (UK).
- Good cases (UK).
- Whole session was useful (Pakistan).
- The multimodality cases were well taught (UK).
- Nice approach to cases (India).
- All aspects were useful (Nigeria).
- Eye opening for exam pattern (India).
- Useful VIVA practice - very informative cases (Iran).
- Very valuable cases and images discussed (UK).
- Very nice cases (Iraq).
- Brilliant session as always (Pakistan).
- Very nice discussion and illustrated cases (Egypt).
- Brilliant session and amazing cases (Iraq).
- Excellent variety of the cases (Sudan).

zoom Workplace Meeting **PS Priya Suresh's screen** Recording View

The Pathway...

16 years: 2009- to date: 2 week wait referrals are sent directly to MSK radiology team-vetted/appointed/examined/scanned...

Traditionally, a patient presenting with a soft tissue lump would be referred as a 2-week-wait referral to surgical outpatient clinic for triple assessment

Recently, NHSE planned to expand direct access to diagnostic imaging for GPs to help reduce waiting times and accelerate diagnosis for patients.
Nice Guidelines-2015 Consider an urgent direct access ultrasound scan, within 2 weeks, to assess for soft tissue sarcoma with an unexplained lump that is increasing in size
