### Testimonials

- Absolutely phenomenal, as always. A very rich and wide range of fantastic and interesting cases. Dr. Sakib Moghul covered so many important points and went above and beyond with the discussion and management, and had such a unique and engaging approach. Honestly, it was such a fantastic session and no words that I say nor this feedback that I am providing right now can do it justice. Probably, one of the best sessions of the year (although all the others are amazing as well). I am very grateful to have attended and learnt so much from this. Thank you both to Dr. Khan and to Dr. Moghul (and the team from DKT). I hope we have more teaching session from Dr. Moghul again in the future (UK).
- Great viva session by Dr. Sakib. Good tips given by Dr. Sakib on viva practical session. Learnt a lot during this viva session. Really appreciate Dr. Sakib and Dr. Khan's effort to deliver this excellent lecture to us! (Malaysia).
- I found the lecture very much informative on further management steps and how a radiologist has a role in such scenarios (Ethiopia).
- It helped us in the management aspect of every case. I think more such sessions emphasizing on management of each and every case should be done (UAE).
- Really helpful session, finally a powerful dedicated teaching session on the real life management & customized referral team involvement. Thank you so much for arranging this session (India).
- Awesome session like always. HATS OFF to Dr. Khan and his brilliant, dedecated team (Pakistan).
