Testimonials

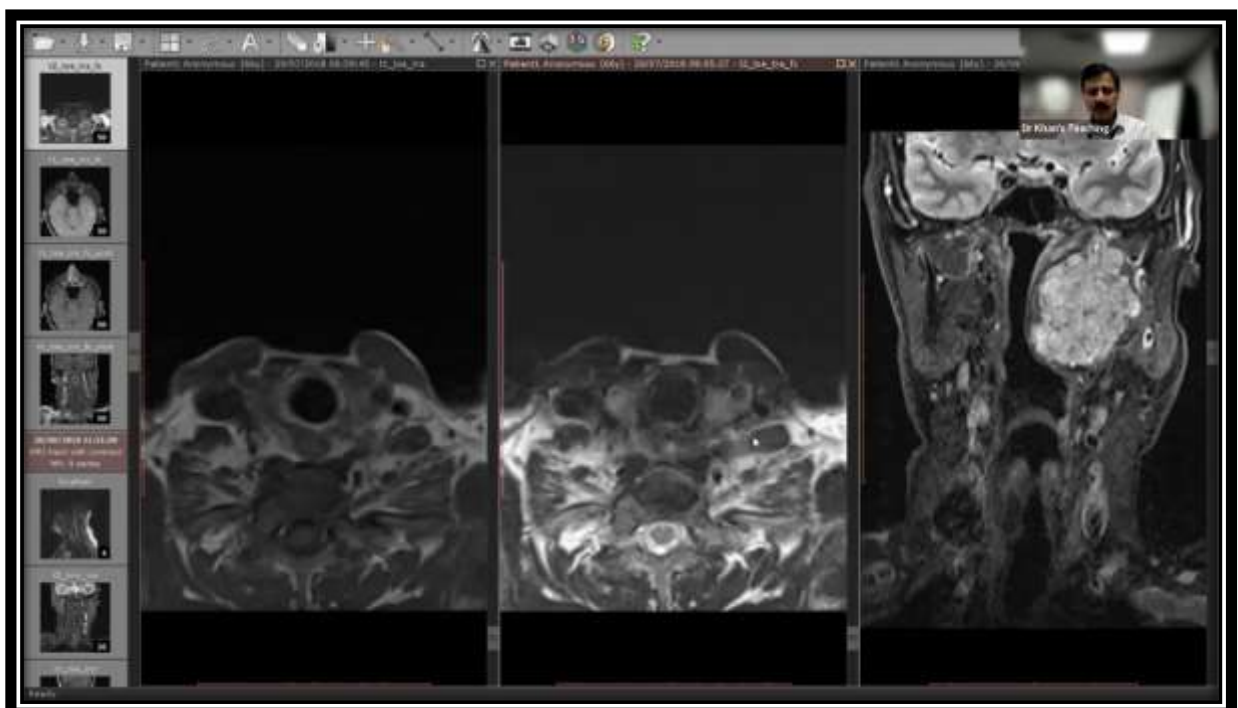

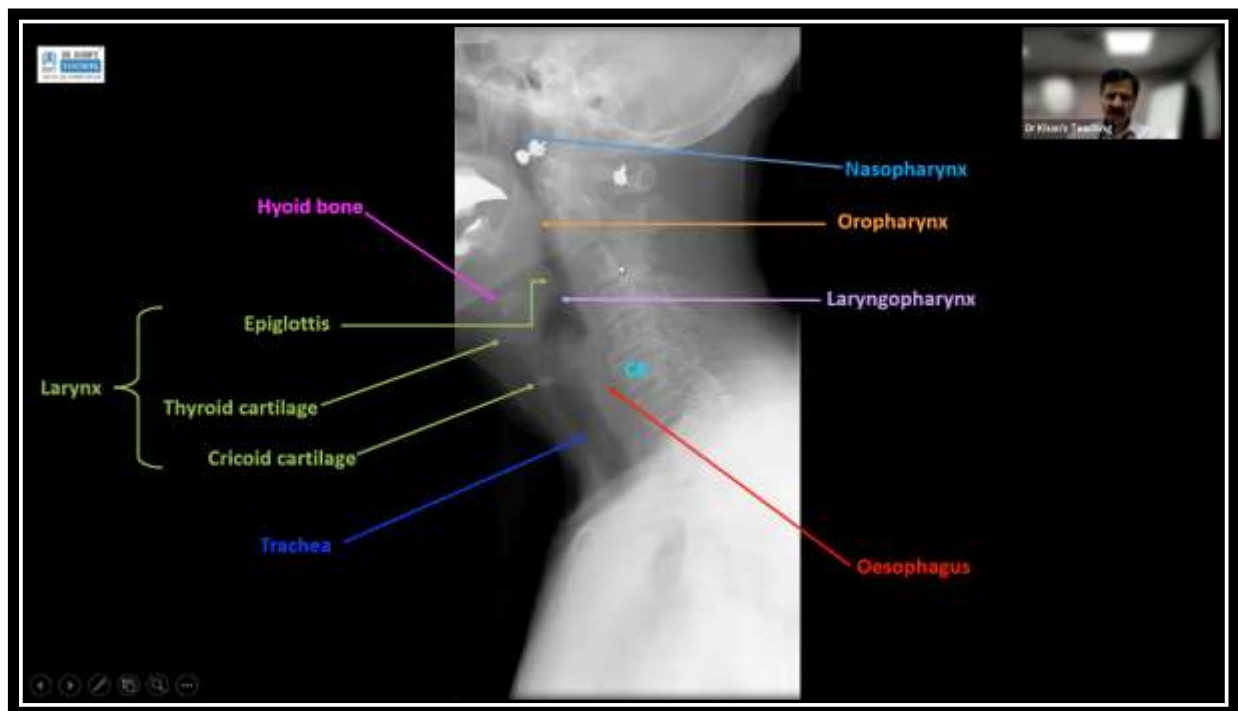

- One of the outstanding teaching sessions of the head and neck anatomy where complex anatomic structures are very well simplified with precise terminology and easy to follow explanation (Algeria).
- Going over the anatomy with diagrams and scans, looking at pathologies and how they present in scans, the summary and quiz at the end to consolidate the content were very valuable (UK).
- Anatomy revision was very helpful. The complex anatomy of pharynx and larynx were beautifully explained by Dr. Khan (India).
- Excellent dissection of a hard to grasp and understand topic. Larynx demystified! (Nigeria).
- Explanation on the pathophysiology and important keywords in different topics were well taught (Malaysia).
- Everything was useful, no one can teach like Dr. Khan, he keeps on repeating and stressing on important stuff (Pakistan).
- Amazing teaching style by Dr. Khan, love his way of teaching! (Malaysia).
- Brilliant way of explanation (Iraq).
- Simply awesome. No match. Live Long Dr. Khan! (Pakistan).
- Another excellent study session (Nepal).
- Wonderful session (Libya).

Head and Neck for FRCR: (1) Pharynx (2) Neck (3) Larynx
