Testimonials

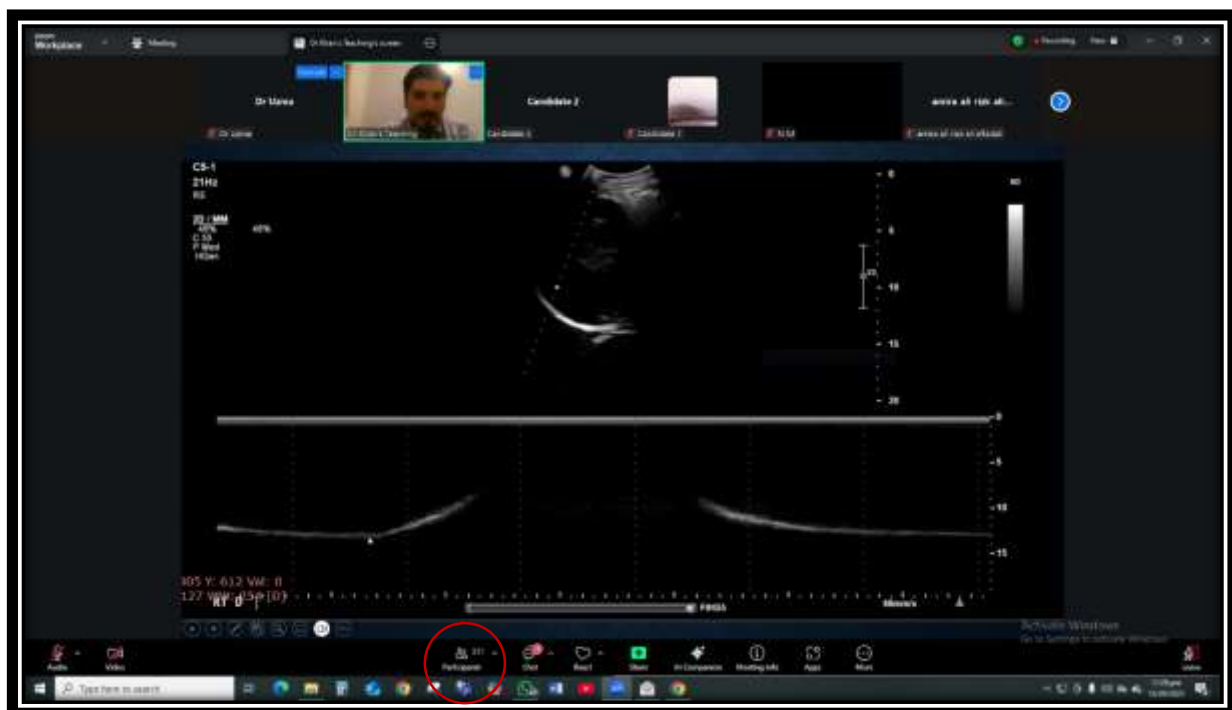

- Dr Khalid's lecture was exceptionally well-structured, insightful, and thought-provoking — truly a masterclass! He conveyed complex ideas with such clarity and precision. It was an outstanding presentation! (Malaysia).
- It was the best chest session. Loved the way Dr. Khalid explained the cases with calm and politeness. It was straight forward, simple and to the point. I never quite get the cardiac MRI basics, and he did it smoothly. this was the first time I was actually interested in learning and I did learn (Pakistan).
- A very enlightening session indeed. The Cardiac imaging sessions were very informative and helpful. Thank you sir for sharing your knowledge with us all (Nigeria).
- One of the best sessions. And usually I start losing focus after an hour or so, This time I wanted the session to go on. A big big thanks to DKT team and Dr. Khalid (Pakistan).
- Starting from basics and then going to explain pathologies is very good approach. Also we are weak in cardiology section so please more lectures should be arranged for us (UAE).
- Excellent cases and clear explanation. The candidate's discussion was also very informative (India).
- Great cases on cardiac MRI and CT as we don't get to see them right and left. Thank you!! (Ethiopia).
- Down to basics and not overcrowded !. Excellent teaching skills. Really valuable. Covered all FRCR relevant cases too (UK).
- Excellent session by Dr. Babar. Really appreciate the effort and time (Saudi Arabia).
- Excellent lecture with very informative and comprehensive cases, and tips by the lecturer which are extremely useful for both exam and daily practice (Türkiye).
- This lecture is the best so far. The instructor is calm confident encouraging and knowledgeable. Phenomenal lecture. Many thanks (UK).
- Showing the pathology on all modality, need to mention the line of management was useful (Nigeria).

FRCR 2B Practice Viva (Session 119) - DKT Masterclass: Cardiothoracic and Vascular Imaging - Case-based session

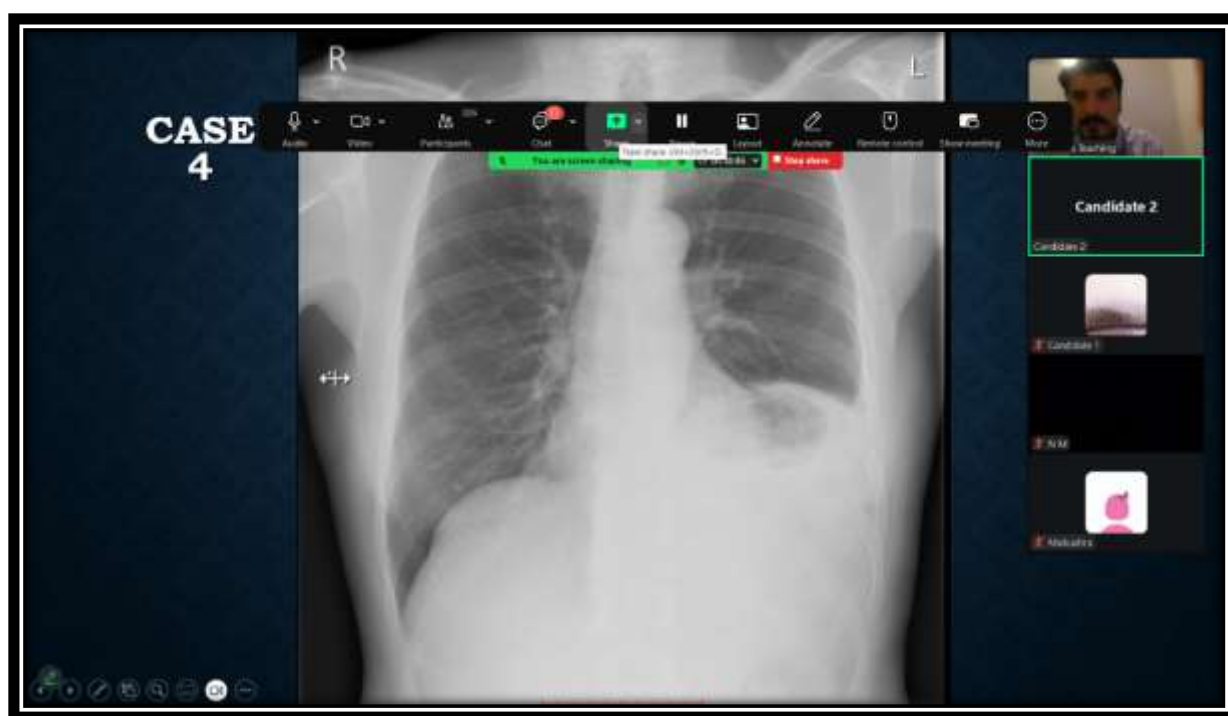

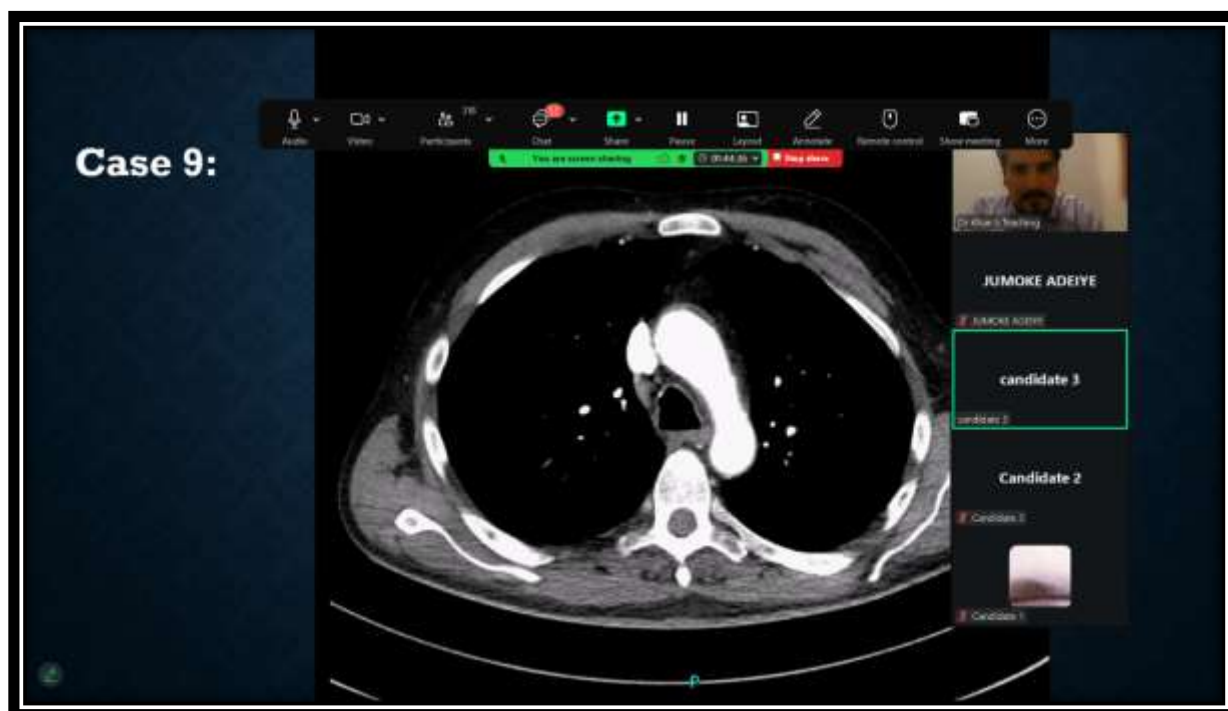

- Explaining the protocols and sequences of cardiac MRI was useful. I learnt it the first time so well (Saudi Arabia).
- Good variety of cases. Really excellent explanations. Good knowledge of the exam and application (UK).
- Amazing session on cardiac imaging patiently & elaborately teaching nooks & corners of important cardiac & thoracic cases. Thank you (India).
- The anomalies presented in the cases and different emergency vascular cases were useful (Jordan).
- Highly satisfied with the choice of the cases & his presentation style (Sri Lanka).
- Awesome radiology forum for learning & growing in radiology (Pakistan).
- Very informative session, interesting cases and constructive feedback (Algeria).
- Good cases to learn from (Zimbabwe).
- Approach of interpretation of imaging was useful (Sudan).
- Very good cases and teaching (Pakistan).
- Correlation between anatomy and pathology was useful (UK).
- Nice teaching cases and variants (Saudi Arabia).
- The cases are very good (Nepal).
- The teaching points were helpful (Zimbabwe).
- Nice cases and discussion (Sudan).
- Cardiac imaging interpretation was useful (UK).
