Testimonials

- I would like to extend my heartfelt appreciation and highest commendation to Dr. Khan for his truly outstanding teaching. His passion for the subject, clarity in explanation, and unwavering commitment to student success set a gold standard in education. Every lecture is not only informative but also deeply engaging, thought-provoking, and inspiring (Malaysia).
- This step by step teaching gives one the foundation of all of radiology, it is curated in a manner that is easy to grasp and follow through, the teacher is passionate and patient with us minors in the game. I have now learned how a true master teaches (Zimbabwe).
- I LOVE Brain Dg and the lecture was extremely interesting. I'm learning MRI and everything is excellent. NF, Pit pathology, paediatric tumors, brain anatomy - exciting matter!!! (UK).
- Nobody teaches like Dr Khan, such extensive and challenging topic CNS tumors made so simple!! Indebted to Dr Khan (Pakistan).
- Brilliant case selection and teaching style of guided viva. It was like a viva except with training wheels on before any candidate was subjected to proper hot seat (UK).
- Thank you very much sir, it was my dream to learn radiology this way. Thank you so much (Pakistan).
- Excellent platform for learning (UAE).
- Everything is in detail and easy to understand (India).
