Testimonials

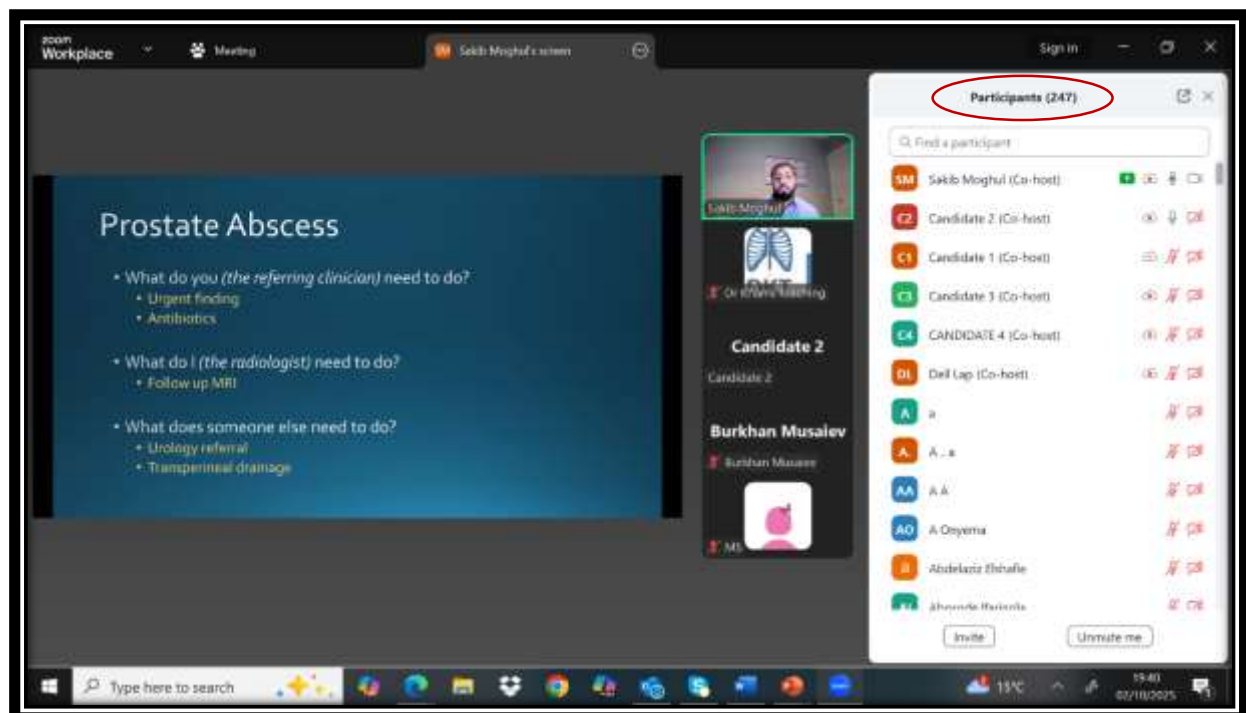

- Brilliant variety of fascinating and interesting cases. Once again, Dr. Sakib Moghul covered several key points and went above and beyond with the discussion on further imaging and management. An amazing session with excellent teaching. We definitely need to have him again in the future. Thank you so much (UK).
- Much needed session by Dr. Sakib Moghul; cases were brilliantly explained, especially the management aspect, which I think is where I struggle most. A big thank you to Dr. Sakib and Team DKT, and a request for more such sessions in the future (Pakistan).
- Thanks, Dr. Sakib. That was an absolute masterclass—insightful, engaging, and flawlessly delivered! (Malaysia).
- Interesting cases, constructive feedback, and useful tips on managing the management. Cases are very well explained (Algeria).
- Brilliant way of teaching, exam simulation, focus on candidate's problem-solving, outstanding session. Thank you (Sudan).
- Great in-depth explanation and teaching according to the exam style was useful. Helps me understand what to expect in the exam as a new ST1 (UK).
- An overall excellent session. Very informative and educative. Thank you for shedding light on the management sessions (Nigeria).
- Thanks, Dr. Sakib. That was an absolute masterclass—insightful, engaging, and flawlessly delivered! (Malaysia).
- Loved the session. Much needed. Learned a lot from the cases. Teaching was amazing. To the point and simple. Candidates were good too. Learned a lot from them too (Pakistan).
- Very insightful, systematic, and clear explanations (UK).
- Management of previously discussed pathologies was useful (Saudi Arabia).
- Excellent cases; the breakdown of management of the patient was most useful (South Africa).

FRCR 2B Practice Viva (Session 121) - DKT Masterclass: Managing the Management - Abdominal cases for the FRCR 2B

FRCR 2B Practice Viva (Session 121) - DKT Masterclass: Managing the Management - Abdominal cases for the FRCR 2B

The screenshot shows a Zoom meeting interface. The main window displays a presentation slide titled "Renal Laceration". The slide content includes:

- Important points to mention/consider:
- Active bleeding
- Grade of Injury

The slide also features a diagram of a kidney with various laceration grades labeled: Grade I, Grade II, Grade III, Grade IV, and Grade V. The Zoom toolbar at the bottom shows icons for chat, participants, and other meeting controls. The participants list on the right shows 213 participants, including the host and several candidates.

The screenshot shows a Zoom meeting interface. The main window displays a CT scan image of the abdomen, showing a cross-section of the body with internal organs visible. The Zoom toolbar at the bottom shows icons for chat, participants, and other meeting controls. The participants list on the right shows 210 participants, including the host and several candidates.
