Testimonials

- It was an excellent lecture delivered by a highly knowledgeable paediatric radiologist, featuring original cases with exceptionally instructive X-ray and ultrasound images. The session covered almost all major topics related to neonatal imaging. It was extremely helpful for all components of the FRCR exam. Many thanks for this insightful and educational session! (Türkiye).
- Dr. Trevor put so much effort into this lecture and explained everything perfectly. Each and every case was very good and has made clear our concepts regarding these difficult cases (UAE).
- Very comprehensive session on neonatal radiology. Thank you, Dr. Trevor Gaunt and team DKT (Pakistan).
- Great session with great cases of neonatal radiology and how to tackle them systematically (Kenya).
- Very nice lecture and important topics discussed, and now my concept is clear regarding these difficult cases (UAE).
- Loved the session. Dr. Khan keeps introducing such amazing teachers. Please continue the good work. Lots of prayers (Pakistan).
- Cases, tips, and matching clinical data with the imaging findings were useful (Kuwait).
- Very nice cases, exam oriented (Saudi Arabia).
- Amazing teaching. Excellent case selection (UAE).
- All the cases were excellent teaching cases, especially the ultrasound brain images (UK).
- Amazing session, need more (Pakistan).
