### Testimonials

- What a truly wonderful session it was...pure gold!! Feel so privileged to have access to such an in-depth, well-detailed teaching platform, clearly the BEST for FRCR 2b preparation. Thank you, Dr. Khan! (Pakistan).
- Thanks, Dr. Khan; your unique approach to teaching sets you apart. The way you connect theory with real-world insight makes learning not just informative but transformative. You don't just teach; you ignite curiosity and inspire excellence (Malaysia).
- Variety of cases in an exam-mimicking manner with concise feedback. Being in Dr. Khan's session is just enough! (Egypt).
- Valuable information on the exam's new format and scoring. Important feedback on the way to tackle cases and what might affect our grading (Algeria).
- The fat embolism case and its appearance on SWI opened my brain to think more frequently about things other than microbleeds, even as an exam case. Individual-based advice to each candidate to secure the best final score (Pakistan).
- Interesting and educative cases. The additional theoretical information is very useful (Zimbabwe).
- Every aspect of the lecture was useful, including the patient explanation and leading questions (Nigeria).
