Testimonials

- Outstanding cases and as always Dr. Imran Khan has a lovely way of teaching and simplifying core concepts! (UK).
- It improved our capability of reading scans and to look at those areas which in usual practice we as trainees ignore easily (Canada).
- One of the best teaching sessions I've ever attended. Thanks! (UK).
- The variety of cases were fantastic and it's definitely going to help me (UK).
- The most awesome platform for radiology learning I've ever encountered (Pakistan).
- Fantastic advice on communication component and demonstration of how knowledge will be tested (UK).
- Got a fair idea about how challenging MSK cases can be during an exam and how missing subtle findings can change the whole course of our viva (Pakistan).
- Excellent variety of cases and key points. Good recall of conventional radiology (Pakistan).
- Every aspect of the lecture was useful; the cases and the explanations in particular (Nigeria).
- I liked the cases being different, excellent discussion afterward and great tips on how to answer (UK).
- Excellent cases; very crisp and constructive feedback by Dr. Imran Khan. A big thank you to team DKT (Pakistan).
- Plain Radiograph, frank feedback, fast paced and multiple cases shown; very engaging style of teaching (UK).
- Absolutely brilliant session, very interesting cases with clear concise feedback (Egypt).

- Nice variety of cases. Examiner explained why he gave the candidate pass/clear pass/excellent /fail etc (UK).
