### Testimonials

- The UNIQUE approach to different cases and how to trace the little findings to draw the amazing last picture as our great artist Dr. Khan draw it in our minds and teach the Radiology in a such amazing way was useful (Sudan).
- Brilliant session, marvellous cases, a lot to gain as take home messages with very elaborative explanation for each case, many thanks to our great teacher Dr. Khan and to DKT team (Egypt).
- The lecture was enjoyable and extremely helpful for me, despite some challenging cases—particularly regarding MR enterography and some neuroimaging cases... I would like to highlight that teaching is both an art and a skill, and this is precisely what the Dr. Khan offers us. Through this wonderful ongoing effort, Dr. Khan provides us with a solid foundation for building robust knowledge in diagnostic radiology, while emphasizing the high quality of the cases presented. I would like to thank Dr. Khan once again for dedicating his time and effort (Jordan).
- Every aspect of the lecture was useful especially the teaching style (Nigeria).
- Very good session with teaching slides (UK).
- Very good learning experience (Pakistan).
- Very helpful session. Thank you Dr. Khan for your efforts (Jordan).
- Excellent session as usual (UAE).
- Anatomical revision and pathological correlation was useful (South Africa).
